

A Message from the President

As your Student Body President, let me welcome you back & for those of you who are First-year students, welcome to Lycoming.

The Student Senate of Lycoming College has been hard at work restructuring and revising current policies to develop a stronger more productive student government. With that, we hope to continue to improve a strong student culture here at Lycoming and keep you informed about issues that may affect you.

Through the SSLC, there are plenty of opportunities to get involved and have your voice heard. Governance committees, ad-hoc committees, and focus groups all allow for the students to have their opinions represented to the administration.

Sincerely,

AJ Francavilla

- Mr/Ms Lyco
:: Dressing Up will never be the same
- Pep Rally
- Fireworks!

This is a College Town...

The SSLC in cooperation with the Pennsylvania College of Technology and Newport Business Institute have teamed up to promote downtown business and college orientated activities such as "First Fridays" and our new tradition of a Mardi Gras Formal with Penn College.

Mission of the SSLC

Student Senate considers a student's education at Lycoming College to be focused on the total development of the individual.

Extra-curricular programs, activities, and events are essential to students' intellectual growth and personal development. Just as the classroom experience provides a forum for new thoughts, ideas, and opinions, so does the extra-curricular program through exposure to educational and social programs, student leadership, and volunteer service activities. Students' involvement in the governance of the College as well as the various clubs and organizations is essential to enhancing the quality of student life.

\$500 Rose Pfaff Scholarship

Each spring, The SSLC awards a member from the Student Body this scholarship in memory of Rose Pfaff, a College Switchboard Operator who served Lycoming for 20 years.
